Professional Summary

Creative Marketing and Graphic Artist with 10 years of experience producing cinematic visuals and cross-platform campaigns. Skilled in 3D design, game engines, and interactive media, with a passion for merging art and technology to create engaging player experiences.

Academic Background

- MSc Interactive Digital Media, Trinity College Dublin, Ireland — 2025 - 2026
- BFA (Hons) Visual Communication, Alexandria University, Egypt — 2011 - 2016

Academic Projects

MODU — Gamified 3D furniture assembly app built for cognitive accessibility | 2026:

Project manager and front-end lead on a six-person team; app built from scratch (React Native, TypeScript and Expo). Real-time 3D assembly rendering, a Supabase backend, and four accessibility profiles layered across the interface.

Atlasphere — Collaborative group travel planning web app | 2026:

Led development on a team project; full-stack build in React / Vite, Node.js / Express and MySQL. Real-time itinerary sync over Socket.io, server-side image processing, deployed on Railway.
